SR22 Packages

Perspective 700 Select

\$39,900

Never before in general aviation has such a complete flight automation solution been available. The **Garmin GFC700 Autopilot** utilizes state-of-the-art digital smart servos to provide maximum accuracy in all phases of flight. Precision features such as **Vertical Navigation Mode, Indicated Airspeed Hold and Automatic Altitude Level Off** further simplify and reduce workload. The latest safety and security features including **Hypoxia Check/Automated Descent Mode, Overspeed Protection, 'The Blue Level Button', Autopilot Stall Protection, Dual AHRS and Autopilot Coupled Go-Around** give you extra confidence and control. **Perspective Electronic Stability and Protection™ (ESP)** is always in the background to give you extra assistance if needed to help correct from abnormal flight attitudes. Combine all these features with the upgrade to the industry's largest **12" (30.5 cm) displays** and you have the ultimate general aviation cockpit. *Weight Δ: 5.9 kg*

Perspective Plus

\$35,900¹

Upgrade the Perspective 700 Select by adding cruising comfort for both the pilot and the passengers with the **Yaw Damper**. It will practically eliminate the need for rudder input in those extended climbs and turns allowing for a smoother ride. Your peace of mind also increases with **Perspective Enhanced Vision System (EVS)** and a **second Air Data Computer**. Perspective EVS creates an image of what is actually outside the aircraft by using infrared technology to turn night into day. The second Air Data Computer adds redundancy and cross-checking capabilities to your Cirrus Perspective cockpit. *Weight Δ: 4.1 kg*

Perspective Alerts, Awareness & Assistance

\$33,900

Maximum situational awareness goes hand-in-hand with maximum capability. Always know where the other guy is located with **Active Traffic Information** that alerts you of all aircraft with an active transponder within your proximity. **eTAWS** is a TAWS-B terrain warning system with greater predictive precision information based on your flight path, and if terrain is ahead, gives you early warning aural alerts. Also know where you are on approach or on the airport itself with **ChartView²** (Jeppesen published electronic charts). *Weight Δ: 6.8 kg*

Certified Flight Into Known Ice

\$31,900³

Increase your flying flexibility and capability with the **Cirrus Known Ice Protection System**. Not an STC or an afterthought, this TKS-based system was uniquely engineered to include innovative features such as **dual windshield sprayers** that ensures landing visibility, **dual TKS fluid tanks with automatic tank switching** and **three TKS flow rate** options to cover every condition. More impressive is the full integration with the Cirrus Perspective cockpit providing ready access to **TKS fluid duration and range information** and all **System Operating Parameters**. Finally, this package also guarantees your aircraft is ready for colder weather flying and maximized engine life with a **Tanis Engine Pre-Heater** (110 Volt System). *Weight Δ: 15 kg*

Premium Appearance

\$15,900

Your aircraft will take you many places; make it look even better at your home airport with the Premium Appearance Package. Add **Tinted Rear Windows, Polished Spinner and Sterling or Two-tone Paint⁴** to give your aircraft head-turning ramp presence. More luxury awaits inside the cabin with your choice of **leather interior**. Make yourself known in the air with **Whelen LED Landing/Wingtip Lights**. Also, announce your arrival and ease evening pre-flights with **Surface Illumination Lights** that allows the pilot to see both the wing and stabilizer by dual prismatic lights during nighttime operations. *Weight Δ: 5.4 kg*

💎💎 Carbon Appearance Upgrade \$17,900⁵

Sporty in appearance, the Carbon premium upgrade is designed with an energetic scheme which includes a carbon fiber spinner (available with the composite prop; black matte for aluminum prop), black steps and handles, jet black vents, carbon instrument panel lobes, two-toned leather seats and new carbon exterior paint lines with two-toned options.

💎💎 Platinum Appearance Upgrade \$17,900⁵

The Platinum premium upgrade is designed with a nod to classic styles reminiscent of luxurious road cruisers with fluid lines and flowing curves. Platinum Appearance includes: polished spinner, nickel vents, solid colored leather seats and platinum exterior paint lines with two-toned options, this will be the package of choice for traditional-looking class.

GTS

The **SR22 GTS** is truly the flagship of the Cirrus Aircraft fleet. Combine all the packages for even greater value: **Perspective 700 Select, Perspective Plus, Perspective Alerts Awareness & Assistance, Certified Flight Into Known Ice, Carbon or Platinum Appearance Upgrade, 60/40 FlexSeating** and authentic **GTS badging**. GTS is the luxury, technology and performance standard by which all other aircraft are measured.

GTS *Weight Δ: 1070 kg*

\$611,900

GTS without Ice Protection *Weight Δ: 1066 kg*
(Air Conditioning replaces Certified Flight Into Known Ice)

\$580,900

SR22 Options

Additional Options

Air Conditioning or Basic Ice Protection \$19,900

Get the benefit of either the factory installed air conditioning system or basic ice protection (not certified for flight into known ice).

Weight Δ: 25 or 13.6 kg

Yaw Damper \$14,900

Practically eliminates the need for the rudder in extended climbs and turns, allowing for a smoother ride for everyone on board as the annoying bumps are reduced. Also included in the Perspective Plus Package.

Weight Δ: 1.8 kg

Perspective Global Connect² \$14,900

Worldwide weather, satellite phone and text messaging through Iridium Communications, fully integrated for use with your cabin headphones means you're always within reach. Weight Δ: 2.7 kg

DME Weight Δ: 1.8 kg \$12,900

Built-in Oxygen System \$10,900

Give yourself the flexibility to fly to wherever you need to be. The SR22s service ceiling allows you to fly to 17,500 ft. Take advantage of the higher altitudes to get over weather, terrain or increase your ground speed. The 77 cubic feet capacity factory installed system will provide plenty of oxygen for all occupants for normal flight durations. Weight Δ: 8.2 kg

Hartzel Lightweight Composite Prop \$10,900

Significantly increase the SR22's useful load and add a little ramp presence with the three-blade composite propeller. Weight Δ: -5.4 kg

Lightning Detection \$9,900

Enhance weather awareness with instantaneous lightning information for all types of convective activity. Weight Δ: 2.7 kg

ADF Weight Δ: 4.1 kg \$8,900

60/40 FlexSeating \$4,900

New for 2012, Cirrus aircraft are now available with 60/40 FlexSeating. This optional rear seat upgrade is four inches wider with a third, over-the-shoulder seat belt allowing for a fifth passenger, if at least two are children and 3-position recline. The rear seat is also a more versatile 60/40-split, giving you additional utility and carrying potential. And because the seat is ten pounds lighter, you get a little more useful load. Also included in the GTS package. Weight Δ: -4.5 kg

ChartView² \$3,900

Electronic charts published by Jeppesen. Also included in the Perspective Alerts, Awareness & Assistance Package.

Tanis Engine Pre-Heater (110 Volt System) \$1,490

Guarantee your aircraft is ready for colder weather flying and maximize your engine life. Also included in the Certified Flight into Known Ice Package.

Weight Δ: 0.9 kg

ADS-B Transponder \$1,490

The FAA has announced that all transponders by 2020 need to be upgraded to include ADS-B out capabilities. The Garmin GTX 33 ES is an upgrade to the standard Mode S transponder that will make you 2020 compliant. Couple this option with the Perspective Alerts & Assistance package and you will take full advantage of the ADS-B system. Not only will the active traffic information system give you a transponder equipped aircraft but it will also give you the ADS-B in capability to receive information from all other ADS-B out equipped aircraft flying in your vicinity.

The Individualized Art of the Possible

Cirrus owners already have an unparalleled appreciation and expectation for quality and performance. It's the reason Cirrus continues to be the world's best-selling airplane in its class. Now, Xi takes this one step further through individualization - by making you an integral part of the design team for your dream airplane.

A unique experience worthy of every flight you will make in your Cirrus, you will develop a personal working relationship with the Xi Team, working one-on-one to tailor your plane to your exact specifications and preferences for materials, colors, designs and more. With Xi, you define the art of the possible.

Xi Complete	\$44,900 ⁴
