PERFORMANCE & SPECIFICATIONS

The Vision Jet is a breakthrough in personal aviation. It goes faster: 300+ KTAS cruising speed. It goes farther: over 1,200 nm. It carries more payload: up to five adults and two children. But the remarkable achievement is that you can have this level of jet performance in a true personal aircraft that doesn’t require an entire flight operations department to fly and maintain it.

STANDARD FEATURES

Cirrus Airframe Parachute System® (CAPS*)
Safe Return™ Emergency Autoland
Full Authority Digital Engine Control (FADEC)
Perspective Touch+™ by Garmin®
Dual WAAS GPS/Comm/Nav Radios
Aircraft Systems Synoptics Display
Dual AHRS, ADC & Pitot Static
NextGen Transponder (ADS-B Out)
Synthetic Vision Technology
FliteCharts & SafeTaxi™
Weather DataLink & Audio Entertainment
300 lb Baggage Capacity
Certified Right Into Known Ice
Modular Seating for Five Adults

Intelligent Batteries
GFC 700 Autopilot including:
Electronic Stability & Protection (ESP)
Emergency Descent Mode
Blue Level Button
Autopilot Stall Protection
Leather Interior
Air Conditioning with Automatic Climate Control
USB Power Ports
Stall Protection Stick Shaker & Pusher
Fits inside Standard 40 ft (12.2 m) Hangar
Cargo X-Tend™
ADS-B In Weather and Traffic
TAWS-B

OPTIONAL EQUIPMENT

Digital Real-Time Weather Radar
SurfaceWatch™
6th and 7th Third Row Seats
Executive Seating Configuration
22” Entertainment Display
Aircraft Systems Synoptics Display
Dual AHRS, ADC & Pitot Static
NextGen Transponder (ADS-B Out)
Synthetic Vision Technology
FliteCharts & SafeTaxi™
Weather Datalink & Audio Entertainment
300 lb Baggage Capacity
Certified Flight Into Known Ice
Modular Seating for Five Adults

Every travel mission is unique. From passenger and gear loads to weather changes and distances, the Vision Jet adapts to your specific travel needs. With Generation 2, an expanded flight envelop to FL310 broadens your options. Increase your range to over 1,200nm or choose to carry an additional 150lbs on an 800nm mission. And with Reduced Vertical Separation Minimum (RVSM) capability, your Vision Jet can fly efficiently navigate higher flight levels. It’s one more way to experience The Cirrus Life™, at jet speed.

**THE PERSONAL JET DEFINED.**

The Vision® Jet is the culmination of enthusiastic and relentless innovation. As the world’s first Personal Jet™, the Vision Jet excels in performance and is simple to fly. It’s easy to own and operate. And it’s a joy to travel in, as a pilot and as a passenger.

With the Vision Jet, we ushered in a new era of personal transportation. An era where jet speed, jet comfort and jet convenience are accessible. And after winning numerous accolades and awards – including the Robert J. Collier Trophy – we are just getting started.

**TRANSFORMATIVE LUXURY CABIN**

Designed around the largest cabin in its class, the uniquely constructed carbon fiber fuselage creates spaciousness, with unexpected head and shoulder room. And panoramic windows provide an immersive experience for everyone in the cabin.

Modular seating adds versatility to the cabin – accommodating up to five adults and two children. Family seating features three cabin seats with two optional child seats, while Executive Seating offers two luxuriously bolstered seats and a center console. Each seat can easily be moved, giving you the added flexibility to tailor the cabin configuration to your needs.

**TOTAL SAFETY**

The ultimate level of confidence starts with the total safety solution exclusively offered in every Vision Jet. Available for the first time, the Safe Return™ emergency autoland system joins an array of revolutionary safety systems, including the Collier award-winning Cirrus Airframe Parachute System® (CAPS®), designed to protect the pilot and passengers.

**ELEVATED CAPABILITIES**

Every travel mission is unique. From passenger and gear loads to weather changes and distances, the Vision Jet adapts to your specific travel needs.

With Generation 2, an expanded flight envelop to FL310 broadens your options. Increase your range to over 1,200nm or choose to carry an additional 150lbs on an 800nm mission. And with Reduced Vertical Separation Minimum (RVSM) capability, your Vision Jet can fly efficiently navigate higher flight levels. It’s one more way to experience The Cirrus Life™, at jet speed.

**ELEVATED SAFETY RETURNTM**

Available for the first time, the Safe Return™ emergency autoland system joins an array of revolutionary safety systems, including the Collier award-winning Cirrus Airframe Parachute System® (CAPS®), designed to protect the pilot and passengers.
